EDITOR'S LETTER

The National Genealogical Society's conference held in Jacksonville, Florida from April 29 to May 2 was not as successful as we were expecting, but we made some new contacts which will be beneficial to the society. We are exchanging magazines with the Genealogical Society of Greater Miami, and even though they do not have many Cuban members, we could help each other in many ways.

We would like to encourage all of the members that have not sent a pedigree chart of their ancestors to do so. We will add the information to our files so that it will be available to any member that might be working in that same line.

If you are interested in sending the family information in the form of an article, we will be happy to publish it in one of the REVISTA family history sections.

Contributions of history articles are also welcome. We have had some members send us articles that they have written, which we have then published in REVISTA. It brings variety and flavor to the magazine, plus a sense of pride about our heritage.

Insurrection in Cuba

**Translated by
Mayra F. Sanchez-Johnson**

During the Ten Year War, which began in 1868, the Spanish government in Cuba published lists of people being sought by them because of their participation in the war. The following lists were printed in the Boletin del Archivo Nacional, from the original documents kept in that archive.

The first list was published in the September, October issue of 1915, the second was published in the July, August and September, October issues of 1916.

The lists consist of the following: Name, place of origin, age, status, occupation. After this comes the place where he is believed to be residing and comments about his involvements or situation. When the person's race is other than white, the race is given after his name.

While translating the lists they have been alphabetized by the surname of the individual for the convenience of the readers.

Some of the prisoners were sent to Fernando Póo. This was an island off the west coast of Africa, south of the Canary Islands, which was a concentration camp for the Cuban rebels.

Parish Register of El Sagrario, Camagüey, Cuba

Marriages 1831 - 1844

(continued)

This listing consists of Volume 7 of marriages covering the years 1831 to 1844. There are some entries for earlier years that were done out of sequence by the priests, as it appears in the original transcriptions written by Francisco Xavier de Santa Cruz and his associates, during the 1930s and 1940s.

The REVISTA of CGS, Volumes 1:3, 1:4, 2:1, 4:1 and 4:3 together with 4:4 contain Volumes One to Six of marriage entries from El Sagrario.

The information contained in the following list has the same format as previously used. To recap: The surname and given name are found first, followed by the sex of the individual, the date of the marriage, a column indicating whether the individual listed is the one being married (M) or is associated genealogically (G); this G follows the names of parents or other spouses. The reference numbers finish out the line. The numbers at the very end refer to the page and entry number of the original transcriptions. These are helpful in looking at all the individuals identified in a given entry and also may be used for further reference in corresponding with CGS to get a copy of the entry or in using the manuscripts found at the Hialeah Family History Library.
